To Whom It May Concern:

My name is Daniel Keck and I'm a Zone Manager for Mitsubishi Electric. Recently we opened our HVAC training center in Hebron, Kentucky. Reupert Heating and Air is the contractor I chose to install the equipment. While I did have a budget to meet, their attention to detail and quality were the driving forces in my decision. After the fact I can tell you they did a quality job and come in under budget. I am more than pleased with the installation. Consider this an open invitation to tour our facility and inspect their work. The address is listed below.

Mitsubishi Electric's Ohio Training Center (OTC)
