

**SAINT XAVIER
CHURCH** JESUIT

Inward Reflection. Outward Action.

Mr. Joe Reupert
Reupert Heating & Air Conditioning
5137 Crookshank Rd
Cincinnati, OH 45238

Dear Joe,

I must tell you I was a little apprehensive when we first started the process of replacing the old Boiler and HVAC systems in the church, but in the end not only myself, but the entire staff are very pleased with the outcome.

Every one that was involved with the installation was very knowledgeable of what needed to be done and were capable of completing the job in a workman like manner.

Although it has only been a few weeks since the Mitsubishi City Multi,® system has been operational, we are pleased with it's performance. We are now looking forward to a much more balanced heating and cooling system.
